- **Audio Options:** Participants can use their computer mic/speakers or telephone for webinar audio. Once you have joined the webinar at the link above, you will be able to select your audio options. If you have an unstable internet connection, we recommend using the "call in" option. To use your phone to connect to audio, first sign into the webinar link above, then look for the "call in" option (if you don't see this, look for the "use computer audio" button, which will have a little down arrow next to it that you can click on – that should bring up the "call in" option). That will give you a prompt with the phone number, access code, and Attendee ID#. Please make sure to use the Attendee ID# on your screen, as that will allow us to identify you on our end.
- Phone-Only Access: 1-415-655-0001; Access code: 2335 477 9283. Please only use this option if you are not connecting to the webinar on your computer or device. Otherwise follow the audio connection prompts to call in when you join the webinar.

Agenda

Times are subject to change based on the pace of discussion.
