Audio only connection: (800) 832-0736; conference room number 4472108

MEETING OBJECTIVES

- Review recent fishery performance and recommendations from the Scientific and Statistical Committee (SSC), staff, and Advisory Panels (APs).
- Review, and, if appropriate, recommend changes to the previously implemented 2018 commercial and recreational Annual Catch Limits (ACLs) and Annual Catch Targets (ACTs) for all three species.
- If appropriate, recommend ACLs and ACTs for scup for 2019.
- Review, and, if appropriate, recommend changes to commercial management measures for all three species, including minimum fish size limits, possession limits, gear requirements, and exemption programs.

DRAFT AGENDA

Times are approximate and may change based on pace of discussion. Public comment will be allowed at designated times, at the discretion of Council and Commission staff.

- 1:00 p.m.** **Summer Flounder Specifications:** Review recent fishery performance and SSC, staff, and AP recommendations. Review implemented ACLs, ACTs, and commercial management measures for 2018. Recommend changes as necessary.
- 2:15 p.m.** **Scup Specifications:** Review recent fishery performance and SSC, staff, and AP recommendations. Review implemented ACLs, ACTs, and commercial management measures for 2018. Recommend changes as necessary. Recommend 2019 ACLs and ACTs if appropriate.
- 3:45 p.m.** **Black Sea Bass Specifications:** Review recent fishery performance and SSC, staff, and AP recommendations. Review implemented ACLs, ACTs, and commercial management measures for 2018. Recommend changes as necessary.
- 5:00 p.m.** **Adjourn**
