Audio only connection: (800) 832-0736; conference room number 4472108

MEETING OBJECTIVE

The advisors will review and provide comments on recent stock status information for all three species, including data updates for summer flounder and black sea bass and an assessment update for scup. The advisors will also review Scientific and Statistical Committee and Monitoring Committee recommendations regarding previously implemented 2018 specifications for all three species and possible 2019 specifications for scup.

AGENDA

Note: Times are approximate and may change based on pace of discussion.
